RE: RIBFEST/PREMIER OULET OPENING

On behalf of the Highway Safety Committee, I wish to commend each department for the great success you all achieved in pulling off this year's Rock'n Ribfest and the Grand Opening of the Merrimack Premier Outlet Mall.

We would like to extend our sincere gratitude to everyone who assisted in the planning and implementation of these two major events. Needless to say, hosting these events concurrently placed great strain on the town's available resources.

Once again, the committee extends their heartfelt thanks for rising to the challenge and doing a magnificent job!
